APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source and is limited to what the well will produce but not to exceed 5.4 c.f.s. It is understood that this right must allow for a reasonable lowering of the static water level at permittee's well due to other ground water development in the area. A substantial weir or other type of measuring device must be installed and measurements of water use kept and a method provided, either air line or opening, for measuring depth to water. The State retains the right to regulate the use of the water herein granted at any and all times. This permit is issued subject to right of way for drainage ditch, granted by U. S. Bureau of Land Management to Ruby Hill Mining Company, October 6, 1960 under Nev.-056230.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.4 cubic feet per second or a yearly duty of 4.0 acre-feet per acre of land irrigated.

Actual construction work shall begin on or before March 17, 1964  
Proof of commencement of work shall be filed before April 17, 1964  
Work must be prosecuted with reasonable diligence and be completed on or before March 17, 1965  
Proof of completion of work shall be filed before April 17, 1965  
Application of water to beneficial use shall be made on or before March 17, 1968  
Proof of the application of water to beneficial use shall be filed on or before April 17, 1968  
Map in support of proof of beneficial use shall be filed on or before April 17, 1968
